DESCRIPTION

The COST Action CA18214 'The geography of New Working Spaces and the impact on the periphery' involves 31 Countries (<https://new-working-spaces.eu>). The research partners will be involved in the 2 days hybrid activities.

About COST

COST - European Cooperation in Science and Technology - is Europe's longest-running intergovernmental framework supporting the collaboration of nationally funded science and technology research through the creation of networks. Also known as Actions, these networks allow scientists to grow their ideas by sharing them with their peers and thereby give impetus to their research, career and innovation.
