

THE GLOBAL ARCHITECT

THEMATIC
RESEARCH
SEMINAR

FINAL SYMPOSIUM

6, 7 February 2023

The seminar investigates the **global dimension of the contemporary architect**, focusing on the **transfer and migration of knowledge** from and to **different geographical and cultural realities**. The seminar will look at different aspects, such as the **construction of professional networks**, the **role of specific figures of cultural mediation**, and the **vectors and vehicles that facilitate the transfer and circulation of individuals, resources and ideas**.
