COST Action CA18214

The COST Action CA18214 'The geography of New Working Spaces and the impact on the periphery' involves 31 Countries (<https://new-working-spaces.eu>). The project aims to share the scientific outcomes on New Working Spaces comparing the best practices and direct and indirect impacts with a particular focus on the periphery iii) sharing the policy tools across the countries.

This presentation is based upon work from COST Action The geography of New Working Spaces and the impact on the periphery, CA18214, supported by COST (European Cooperation in Science and Technology).

About COST

COST - European Cooperation in Science and Technology - is Europe's longest-running intergovernmental framework supporting the collaboration of nationally funded science and technology research through the creation of networks. Also known as Actions, these networks allow scientists to grow their ideas by sharing them with their peers and thereby give impetus to their research, career and innovation.

Funded by
the European Union
