

Ph.D. Polimi Doctoral Programs

An introduction for the master students of the AUIC School.

Next call deadline: June 29/2023

ABC - Architecture, Built Environment and Construction Engineering

www.dabc.polimi.it/dottorato/dottorato-abc/

The program develops research in the various aspects of architecture contaminating with other sectors (construction engineering, geomatics, regional economy, health and hygiene) facing the contemporary challenges: ecological transition, circular economy, digitization.

AUID - Architectural Urban Interior Design

[www. http://www.auid.polimi.it/](http://www.auid.polimi.it/)

The program promotes studies of Architectural, Urban, and Interior Design. The methodological frame is the design-driven research: design is the selected environment for producing theoretical and technical knowledge.

CBA/PAH - Preservation of the Architectural Heritage

<https://www.dastu.polimi.it/formazione-dottorati-di-ricerca/dottorato-conservazione/>

The program provides high-level skills about the preservation processes and strategies of architectural heritage. A multi-disciplinary approach trains candidates to manage preservation processes at all scales.

UPDP - Urban Planning, Design, and Policy

<https://www.dastu.polimi.it/dottorato-urbanplanning/>

The program aims to explore the significance and impact of contemporary urban change and understand how it can be addressed through planning, design, and policy-making activities.
