Visions for an anti-fragile Destra Volturno

CRAFT headquarter and online (link below)
via Ampère 20, Building 11b
Politecnico di Milano
Metro Piola

5

Series of public seminars, titled
Planning for anti-fragility in Castel Volturno,
within the Urban Planning Studio led by
Andrea Rigon and Marco Peverini,
with Lorenzo Caresana,
Giacomo Ricchiuto and Danila Saulino

This seminar will present the initial students' proposals for alternative anti-fragile visions for Destra Volturno, a neighbourhood of Castel Volturno. This is the initial outcome of the engagement between the Municipality of Castel Volturno and the team of craft/DASStU. The seminar will constitute the final examination for the students of the Urban Planning Studio of the Architectural Design programme.

Introduction to the work by Andrea Rigon and Marco Peverini

Presentation of the visions by the students of the Urban Planning Studio

Discussants

Massimo Bricoccoli, DASStU Director
Chiara Nifosi, DASStU
