

#TransitioningSpaces #TransformativeAgencies

Transformative Agencies in/for Contested Spaces

DASStU, Politecnico di Milano
Streamed on Webex

The seminar series explores transformative pathways that target anti-fragile horizons in contested and conflictual urban contexts, delving into how spatial disciplines can support transformative endeavours in the face of uncertainty and turbulence. Through examples and case studies, the series explores the development of resilient and inclusive anti-fragile policies, plans, and projects.
