Honours Program in Urban Regeneration and Large Scale Urban Developments

Organized by Massimo Bricocoli,
Giancarlo Floridi, Martina Bovo
/ with Luca Gallizioli, Gianmario
Pandozzi, Guram Niauri
Department of Architecture
and Urban Studies
Politecnico di Milano

The Honours Program is
an intensive training program on urban
regeneration and the implementation
of large urban development projects.
Core themes of the course are
architectural design in complex
environments and urban regeneration
strategies and models at a global,
European and local scale.
The program focuses on the
MilanoSesto project, currently
redeveloping the former Falck
industrial site.
