

# UAH! Unconventional Affordable Housing!

This lecture series responds to the growing need to better understand the major transformations behind recent radical social changes and their impact on architecture and contemporary living.

The contributions reflect the commitment of contemporary architecture to design approaches that are responsive to today's challenges, navigating between unconventionality, affordability, sustainability, adaptive reuse, craft and beauty.

## Samuel Lundberg / HHL

Stockholm, Sweden

HERMANSSON HILLER LUNDBERG, founded in Stockholm in 2010, is focused on the development and production of architecture with a lasting worth and value to society, always in continuous engagement with the history of architecture. The work of the studio has been acknowledged with various national and international awards.

The practice's ongoing projects include housing, city planning, care homes, pre-schools, hotels and offices. Regardless of the type or scale of a project the HHL investigate and develop architectural forms, building components, materialities and atmospheres.
